PLAYING THE GAME

5 Treasures Baccarat is played the same way as traditional baccarat without modifying any of the existing drawing rules of the standard game. 5 Treasures Baccarat offers four separate optional bonus wagers and one that will cover all four of the bonus wagers.

GETTING STARTED

Make your standard baccarat wager. You may also make any one (or all) of the bonus wagers by placing your bet/s in the marked area. Once all bets have been placed, the dealer will draw cards and all standard house baccarat rules are followed.

WINNING AND LOSING

Once all cards have been dealt and the standard baccarat outcome is known, the dealer will resolve the standard baccarat wager along with any bonus wagers you have made.

FORTUNE 7

The Fortune 7 bonus wager wins if the Banker's hand wins with a 3-card total of 7.

GOLDEN 8

The Golden 8 bonus wager wins if the Player's hand wins with a 3-card total of 8.

HEAVENLY 9

The Heavenly 9 bonus wager wins if the Banker's and/or Player's final outcome is a 3-card total of 9.

BLAZING 7s

The Blazing 777 bonus wager wins if the Player and Banker's final outcome is a 3-card total of 7.

COVER ALL

Place a Cover All wager and if any one of the separate bonus wagers win, you win.

See the posted payable for all bonus wager odds.
