PLAYING THE GAME

Fortune Pai Gow Poker® Progressive adds a twist to Fortune Pai Gow Poker. In addition to head-to-head play against the dealer, Fortune Pai Gow Poker Progressive also features the optional Fortune Bonus and progressive wagers.

GETTING STARTED

To begin each round, make a standard pai gow wager. You may also make the Fortune Bonus and progressive wagers.

FORTUNE BONUS

The Fortune Bonus bet wins if your best possible five-card hand is three of-a-kind or better. If you wager at least \$5 on the Fortune Bonus, the dealer will place an "envy" button next to your bet. This qualifies you for an envy bonus payout when any other player at the table has at least four of-a-kind or higher. See payable for odds.

The dealer will pay all envy bonuses at the end of the round. If at least one player has a four-of-a-kind or higher, all players with envy buttons win: see payable for odds. If more than one player has at least a four-of-a-kind, then all players with envy buttons win multiple payouts.

Note: You cannot win envy bonuses on your hand or the dealer's hand.

PROGRESSIVE

The progressive wager qualifies you for payouts from the progressive jackpot. See payable for odds.
