# PLAYING THE GAME

A Roulette wheel has three moving parts: the Marker, Tile Holder and the Cone. There are 38 equally-spaced compartments on the wheel, one Green representing single zero (0), another Green representing double zero (00) and 36 additional compartments representing numbers 1 – 36, all equally spaced. Each of the 38 pockets in the wheel will consist of hinged tiles affixed to the bottom surface of the ball pocket. The Marker is the Bonus wager cone, the Tile holder will spin in the opposite direction of the Top Cone.

After the dealer spins the wheel, the triple cone wheel will come to rest and lock together in the same rotational direction. The dealer will reveal the tile for the winning number outcome.

Players may place bets on any number, combination of numbers or section of numbers, red or black colors, odd or even numbers or 0 and/or 00, along with optional Reveal Roulette Bonus side wagers.

## BETS

---
